

Info concerning aid for Ukraine

Chilli Ideas is in contact with official channels in Romania for collecting and distributing the goods in the hands of the people in need. It's a massive mobilization, and there's a collection of information of the goods that can be provided, and also, on the other side, requests of things they need. In this way, it's easier not to overspend or waste unnecessary products.

Concrete, at the moment, we can receive goods at our warehouse in Bucharest and send them to the borders where it needs them.

Warehouse Address:

Violetelor Street, 52-54, District 6, 061108, Bucharest, Romania

Contact person: Mirela Belibou, +40 (0) 744 387 138

Products which were requested (as of 28/02/22):

- Blankets (adults/ children)
- Jackets, vests, hats, socks (children & adults)
- Raincoats
- Towels
- Toothbrush, toothpaste, soaps, deodorants, shampoo
- Women essentials (tampons)
- Children diapers, baby milk, baby clothes
- Masks, disinfectants, wet napkins
- Mattresses, sleeping beds, inflatable mattresses, bed lingerie
- Others: cooler bags, backpacks, thermos, charged power banks & cable connectors
- Medicine (I will return with a separate list, if you believe you are able to send them)

I will update the list accordingly to the needs.

Official resources:

- a general guide of information which can be shared to reach the people in need: <https://dopomoha.ro/en> (also in Ukrainian)
- a platform that centralizes the goods/shelters which can be offered around the world (as per Soeren idea): <https://refugees.ro>

Likewise: Goldenberry's warehouse in Poland: where goods can also be sent, for re-distribution as necessary:

Goldenberry

ul. Slowikowskiego 81c

05-090 Raszyn, PL
